

- ❖ The Ottawa University Kansas City Management with an Emphasis major is designed as a completion degree for students who have earned an Associate's degree in a career field through JCCC. Total number of hours required for the degree is 128. All hours within the associate's degree will be applied toward the 128-hour bachelor's degree. **A maximum of 80 credit hours from JCCC may be applied toward the bachelor's degree at Ottawa.**
- ❖ The B.A. in Management with an Emphasis is built upon a technical or professional specialty. For example, a student earning the A.A.S. in Graphic Design at JCCC would receive the B.A. – Management of Graphic Design degree through OUKC. The Management with an Emphasis major course work requires 48 credit hours; at least 15 of those credits must be in the technical or professional specialty which would be earned through the associate's degree and at least 18 credits must be in management courses.
- ❖ Each student is required to take at least three courses (12 credits) in the major and complete the Liberal Arts Core (8 credits) at OUKC. In addition, students must have 6 credits in each of OUKC's breadth areas (see II below) in order to graduate.

Ottawa University-Kansas City Requirements
