

- ❖ This one-year program provides preparatory educational experiences for students seeking to transfer to Kansas State University for the completion of the five-year professionally-accredited, nationally ranked graduate programs in Architecture, Interior Architecture and Product Design, Landscape Architecture or Regional and Community Planning. Successful applicants will be admitted to the first year of the ten-semester program at K-State and will find the preparation at JCCC to have been valuable.
- ❖ Admission is a selective and competitive process. To ensure consideration, applications must be processed by the Office of Admissions prior to February 1 for August admission. Review of applications will begin February 1. Cumulative grade point average is a primary consideration. A student needs at least a 3.0 GPA to be considered for admission and typically must have a 3.2 GPA or higher to be competitive in applicant pool. It is recommended that an applicant to the college have a back-up plan in mind should he or she not be admitted.
- ❖ Students are encouraged to contact the College of Architecture Planning and Design as soon as possible to discuss their academic plans.
- ❖ All K-State students are required to complete a specific minimum number of KSU University General Education hours. The minimum UGE credit hours are based upon the total number of completed transfer and advance placement credit hours (AP, IB, CLEP, etc.) accepted at K-State at the time of admission to the University as shown below:

<u>Number of completed transfer credit hours accepted at K-State on initial date of entry</u>	<u>Minimum university general education credit hours to be taken at K-State (6 hours must be upper division)</u>
0-7	18
8-29	12
30-44	9
45 or more	6

- ❖ Students should consult with a JCCC counselor when planning their transfer course work, particularly in the areas of humanities, social sciences and natural sciences to allow for the university general education course work that must be taken at K-State. For a current list of approved university general education courses, see [www.ksu.edu/uge/courses/annotated.htm](http://www.ksu.edu/uge/courses/annotated.htm).

<b>ONE-YEAR PROGRAM AT JCCC</b>			
<b>FIRST SEMESTER</b>		<b>SECOND SEMESTER</b>	
___ *ARCH	127	Intro to Architectural Graphics	4
___ *ARCH	120	Intro to Architecture	3

			19
___ *ARCH	131	Architectural Graphics	3
___ *ARCH	140	Architectural Design	3
___ ARCH	241	Architectural History: Ren/Enlightenment	3
___ ENGL	122	Composition II	3
___ PHYS	130	General Physics I	<u>5</u>
			17

\*Students who experience studio course work at JCCC will have received excellent preparation for the required studio courses at K-State. However, these (\*) courses are not a direct equivalent to K-State courses and will not satisfy degree requirements. Other courses listed in the recommended one-year program will satisfy some requirements and will enable students to take a lighter course load during some semesters.

Completion of up to nine hours of elective credit would lighten course load in some semesters.
