

The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The 33 hours of electives within the A.A. allows students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 64 credit hours, the maximum number of hours from a community college that will be applied toward a bachelor's degree at most four-year schools. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

- ? The College of Arts and Sciences is the home of the liberal arts and is the largest college at K-State offering more than 115 degree programs. The liberal arts include physical and biological sciences, the fine arts, the social sciences, the humanities and the quantitative disciplines.
- ? Undergraduate degrees offered in the College of Arts and Sciences are: bachelor of arts, bachelor of fine arts, bachelor of music, bachelor of music education and bachelor of science.
- ? 124 credit hours are required for graduation. Up to half of the credits required for the degree may be accepted from a community college. Students must complete at least 30 resident credits to be considered for a degree. At least 20 of the last 30 hours must be completed at K-State.
- ? All K-State students are required to complete a specific minimum of KSU University General Education hours. The minimum UGE credit hours are based upon the total number of completed transfer and advance placement credit hours (AP, IB, CLEP, etc.) accepted at K-State at the time of admission to the University as shown below:

<u>Number of completed transfer credit hours accepted at K-State on initial date of entry</u>	<u>Minimum university general education credit hours to be taken at K-State (6 hours must be upper level)</u>
0-7	18
8-29	12
30-44	9
45-or more	6

- ? Students should consult with a JCCC counselor when planning their transfer course work, particularly in the areas of humanities, social sciences, and natural sciences to allow for the university general education course work that must be taken at K-State.

KSU Requirements

JCCC Equivalent

<u>I. English Composition (6 hours)</u>							
ENGL 100	Expository Writing I	3	___ ENGL 121	Composition I			3
ENGL 200	Expository Writing II	3	___ ENGL 122	Composition II			3
<u>I. Oral Communications (2 hours)</u>
