

The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The 33 hours of electives within the A.A. allows students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 64 credit hours, the maximum number of hours from a community college that will be applied toward a bachelor's degree at most four-year schools. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

- ❖ The general education degree requirements consist of 46-54 credit hours of general course work. All baccalaureate students must meet general education requirements.
- ❖ Separate general education degree requirements have been approved for some departments. Consult the PSU catalog to determine if your major requires specific general education requirements. Courses meeting general education requirements may also satisfy major, minor, emphasis or program requirements.
- ❖ Transfer students must complete 60 credit hours at a four-year college or university. A minimum of 45 semester hours of credit must be earned in upper division courses and a minimum of 30 semester hours of credit must be earned at Pittsburg State.
